Changing Your Health Insurance

Retirement is considered a qualifying status change (life event), so you are able to make changes to your health insurance now!

Also, once you are retired, you can make changes to your health insurance benefits (medical, prescription, dental and vision) anytime during the year:

1. Submit a Retiree Election Form with your changes to the Health Insurance Team by the 10th of the month.
2. Your change will take effect the first day of the following month.

For qualifying life events, the 60-day rule still applies (for example, births and marriages).

How Much Will You Pay?

If your most recent hire date was before January 1, 1987, you have a choice of premium cost shares:

A) Elect the 80/20 cost share – 80% of your premium is paid by the County and 20% by you for the length of time you were eligible for health insurance. You or a surviving family member will be responsible for 100% of the premium at the end of that time period.

*Example: if you were eligible for health insurance for 20 years and 6 months and were retiring on 7/1/2017:
7/1/2017 + 20 and 6 = January 1, 2038 @ 100% OR*

B) Elect the lifetime cost share – 70%* paid by the County and 30%* paid by you. The County will always contribute 70% toward your health insurance coverage. (*The percentage will depend upon your actual length of County service as described in the next slide.)

The premium cost share election is a one-time irrevocable choice.

How Do You Pay for Your County Insurance Premiums?

Members of the Employees' Retirement System (ERS): Your health insurance premiums are deducted directly from your pension paychecks. If there are not enough funds to cover the health insurance premiums, the member is direct billed as described below.

Members of the Retirement Savings Plan (RSP) or Guaranteed Retirement Income Plan (GRIP): You are billed directly for your health insurance through the County's third party administrator, Benefit Strategies. What Is Medicare?

- **Part A (Hospital Insurance)** covers most medically necessary hospital, skilled nursing facility, home health and hospice care. It is free if you have worked and paid Social Security taxes for at least 40 calendar quarters (10 years); you will pay a monthly premium if you have worked and paid taxes for less time. Part A is effective the month in which you turn 65.
- **Part B (Medical Insurance)** covers 80% of most medically necessary doctors' services, preventive care, durable medical equipment, hospital outpatient services, laboratory tests, x-rays, mental health care, and some home health and ambulance services. You pay a monthly premium for this coverage and it is required if you want to receive benefits from your County medical plan.
 - CareFirst BCBS and United Healthcare will process your claims as if you had elected Part B, whether you elect Part B or not. This means significantly lower benefits (or no benefits) if you do not elect Part B.
 - You cannot continue in the Kaiser plan unless you elect Part B and enroll in the Kaiser Medicare Plus Plan.
- **Medicare Part D (Prescription Drug Insurance)** The County's prescription plan works together with Medicare Part D to maintain your current coverage level; this process is administered through SilverScript.
 - You should not elect a separate Medicare Part D plan if you want the County's plan through SilverScript; enrollment via SilverScript is automatic.
 - SilverScript does not apply to Kaiser participants.

When Do You Need to Apply?

Medicare Parts A & B

Generally, you need to apply for Medicare Parts A & B at age 65. The only situations in which you do not need to apply for Medicare at age 65 are:

- If you are still actively employed (post age 65), or
- You are the covered dependent of someone still working with employer-provided insurance.

In these cases, you can apply during a special enrollment period within 3 months prior to or 3 months after either your or your spouse's retirement date.

IMPORTANT: If you do not apply for Medicare when you reach 65 or upon your or your spouse's retirement, you may be charged premium penalties assessed by Social Security.

Basic Life Insurance

As an active full-time employee, the face value of your Basic Life Insurance policy is one times your annual salary. The face value at retirement is calculated:

Active life insurance amount multiplied by years of service*
(up to 20 years) multiplied by 5% (20 x 5% = 100% of active life amount)

Example: \$70,000 x 20 x 5% = \$70,000

**Years of service is the number of years and months that you were eligible for health insurance coverage; not credited service used for your retirement calculation.*

Health Insurance: Your Options When You Retire

Office of Human Resources, Montgomery County Government

Basic Life Insurance (cont.)

- This amount remains the value of your policy for the first 5 years after you retire or at age 65, whichever is earlier.
- Beginning on your 5th retirement anniversary, the value of your policy will reduce by 10% of the initial value; continuing to reduce each year afterwards.
- The face value will never go lower than 25% of the original value.
 - *Example: \$70,000 x 25% = \$17,500*
- Your policy will reduce automatically to the minimum value on your 65th birthday, and then the County pays the full premium of your life insurance.

Health Insurance: Your Options When You Retire

Basic Life Insurance (cont.)

Here is an example of a basic life insurance reduction schedule:

7/1/17 = \$70,000

7/1/22 = \$63,000

7/1/23 = \$56,700

9/9/23 = \$17,500 At age 65

Note: 65th birthday is 9/9/23 so reduction to 25% would occur on 65th birthday. Basic amount will never go lower than 25% of full value.

Imputed Income

For Basic Life Insurance Above \$50,000

- Imputed income affects the amount of Basic Life Insurance above \$50,000.
- If you receive County-provided Basic life insurance with a value equal to or greater than \$50,000 in any given year, the value of the coverage is considered imputed income and is taxable income to you.

- The face value will never go lower than 25% of the original value.

Moving Out of State?

Kaiser is not available nationwide, so participants must elect either United Healthcare or one of the CareFirst BCBS POS Out-of-Area Plans (High or Standard Option). Also, because Kaiser includes prescription drug coverage, Kaiser participants must elect one of the separate Caremark Prescription Plans (High or Standard Option).

The CareFirst BlueCross BlueShield (BCBS) Point-of-Service (POS) plan offers a nationwide network called the "BlueChoice Advantage POS Network." It provides in and out-of-network benefits if you reside inside or outside the POS network service area. Participants use a national "BlueCard EPO/PPO Network" provider for services considered outside the POS network service area.

United Healthcare is available nationwide, so participants do not need to do anything to continue the same coverage.

IMPORTANT: Any changes to your health insurance must be made within 60 days of your move by completing a Retiree Health Insurance Election Form, available online at www.montgomerycountymd.gov/hr.
